

HON. WEBSTER STREET.

DEATH OF JUDGE STREET FORMER CHIEF JUSTICE

The Wreck of His Long Breaking Health Completed at Los Angeles Yesterday Morning.

Hon. Webster Street, former chief justice of this territory, died at Los Angeles yesterday morning after a long and hopeless illness. The news of his death came in a telegram from Mrs. Street to the law partner of Mr. Street, P. H. Hayes. The telegram also stated that interment would be made in Los Angeles.

The failure of the health of Judge Street was observed by his friends about two years ago, and in the hope of recovering his strength he went to Europe, spending the summer in England, making his headquarters at the home of his daughter, formerly Miss Julia Street, who resides in London.

The voyage had been without beneficial results, for Judge Street on his return appeared worse than ever. Frequently in court after that he was on the point of a collapse and much of his time thereafter was spent at his home. Last spring while on his way to Globe to attend court he was stricken with paralysis at Bowie and was brought home. For days it was feared that he would not survive, but there was a subsequent improvement in his condition, though his active life was then ended.

Early in the summer he was taken to the coast and for a time there was so great an improvement of his condition that his friends were hopeful of his complete recovery, but it was a false hope. He gradually grew worse and at various times it was reported that his death was only a matter of days.

Judge Street was 62 years of age. He was born at Salem, Ohio, of Quaker parentage. He attended the public and high school of that city and completed his education at Antioch college. He was admitted to the bar in 1871 and practiced law in the county of his birth for some years after which he went to Pittsburg, where he was engaged in practice for four years.

He came to Arizona in 1877, locating at Prescott. He was afterward at Signal, Mohave county, and still later he spent a year at Tucson. In 1879, in the early days of Tombstone, he took up his residence in that then famous camp and became one of a galaxy of lawyers who have been known throughout the southwest for their ability. While in Tombstone he served for one year as county judge under a territorial law which was shortly afterward repealed.

Judge Street came to Phoenix in 1887 and was associated in the practice of law with Ben Goodrich, and after that with Frank Cox. In 1897 he was appointed chief justice of the supreme court of the territory and served in that office through the administration of President McKinley. After his retirement from the bench he engaged in the active practice of the law and continued until his health was utterly broken.

Judge Street leaves besides a wife, two children, a daughter and Lawrence B. Street. He was recognized as one of the ablest lawyers in the entire southwest. He was distinguished for his courteousness of manner and for his information on a wide range of subjects. He was a member of the Masonic order and for years he had been one of the leading and most active members of the Knights of Pythias in this territory.

A HUMAN ENGINE.

Without good fuel the 20th Century Limited would travel little faster than a common yard engine. It takes good fuel to develop power, endurance and speed. Every ambitious man is anxious to push forward, to get ahead, yet many are "cooling up" on food prepared with lard, regardless of the fact that lard is indigestible and really clogs up the system, just as poor coal clogs the grates with clinkers. Don't eat lard-soaked food; eat food prepared with COTTLENE'S, a vegetable oil cooking fat, so pure, wholesome and easily digested that physicians recommend it even for invalids. "COTTLENE" shortens your food, lengthens your life and you will travel farther, swifter and easier on it than on food prepared from the fat of the hog.

THE PLAGUE WIDENS THROUGHOUT RUSSIA

New Cases and Deaths Increase in the Capital and the Provinces.

St. Petersburg, Sept. 21.—Cholera continues to increase rapidly. The efforts of the authorities to stop the sale of liquor between Saturday and Monday and other preventative measures taken, had but little, if any effect on the spreading of the epidemic.

Between noon Sunday and noon today the municipal hospitals reported 350 cases and 155 deaths. An addition of statistics from military and suburban hospitals in the same period will swell the total considerably. There are thirty-four cases of cholera alone in one military hospital. Dispatches received from three provinces report 458 new cases and 201 deaths in the last twenty-four hours. The police here today summarily closed several restaurants that had violated the order against the sale of spirits.

ENGLISH COTTON WORKERS' STRIKE.

Manchester, Eng., Sept. 21.—More than 400 cotton mills in Lancashire are idle today as a result of a dispute over wages between the operatives and employers. This means that 40,000,000 spindles are wholly or partially stopped, and 140,000 operatives are without work, losing over some \$700,000 in wages a week.

BURNING FORESTS.

Smouldering Fires in the Michigan Woods Break Out Again.

Escanaba, Mich., Sept. 21.—Forest fires in this vicinity, smouldering for the past week, have broken out afresh, driving the inhabitants of the small villages in Menominee and Delta counties into the larger cities for safety.

Refugees reported today that the villages of Niagara, Forest City, Commonwealth and Spread Eagle were surrounded by forest fires with little chance of any of the places being saved.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.
